## Summary

---

I'm a JavaScript developer with more than 10 years of IT experience.

I have proven practical experience with JavaScript, TypeScript, Angular, Nest.js, Node.js, Deno, HTML, CSS, Scss, Less, Angular.js, D3.js, and AWS.

I have successful practical experience in the development of web applications from scratch and upgrading of existing Angular.js applications to Angular 2+.

I have been working successfully in a multicultural environment.
